ABOUT US

EuP Group, formerly known as European Plastic Joint Stock Company, was established on September 28, 2007. Throughout its journey of formation and development, EuP Group has grown into a multi-industry ecosystem operating on a global scale. The Group now focuses on six key sectors: plastic filler and additive manufacturing, mining and mineral processing, aluminum and metal production & trading, industrial real estate, An Vien real estate, renewable energy, and basic chemicals.
